EXPERIENCE

Associate Software Developer
Rysun - (KCS)

02/2022 - Present   *Ahmedabad*

Achievements/Responsibilities

- Led a team of 3 in building the web app based on Next JS incorporated with FCM and AWS S3. Implemented Scrum and Agile processes to ensure efficient development, managed team's activities & ensuring timely deliveries. Facilitated team discussions and fostered a collaborative work environment and acted as the primary point of contact for client interactions.
- Received the "Best Intern" award for exceptional performance during the internship.
- Collaborated with a team of 7 developers to develop a web application using NextJS for printing digital ID cards with an integrated template editor.
- Developed an integrated design editor using React that allowed users to create templates for a project by dragging and dropping elements. Implemented all required functionality for the project based on specific requirements, ensuring that the editor was user-friendly and met all design specifications.
- Gained proficiency in agile methodologies, teamwork, and cutting-edge technologies through hands-on experience.

Internship
Asambhav Solutions

06/2021 - 11/2021   *Gandhinagar*

Accomplishment/Tasks

- Implemented industry standards while collaborating with a team to build real-world applications using React JS and Node JS technologies.
- Created a job-matching app enabling employers to post job listings and job seekers to search and apply for ideal positions matching their skills and interests. Developed server-side logic and database infrastructure to optimize storage and retrieval of job listings and job seeker profiles.
- Developed a Chrome extension that enables users to scrape information from different websites using ReactJS technology.
